November 11, 2016

Dear SCGS Members and Family History Friends,

Now in existence for over 52 years, the Southern California Genealogical Society continues to expand its educational programs and offerings to you and the genealogical community. Our goal at SCGS is to be a partner in your family research quest. In order to meet our mission and provide the programs and services that will help you reach your goals, we rely upon the generosity of our members and friends for support.

Whether it's our two annual conferences – the Southern California Genealogy Jamboree and Genetic Genealogy Day – or live-streaming, webcasts, seminars, interest groups, research assistance and arranging access to commercial database products from home for our members, we look for ways to innovate and take advantage of the newest technologies. We continually endeavor to make SCGS *your choice* in genealogical societies. We hope that you will be able to take part in one or more of the many exciting programs in the coming year and experience first-hand the pride we take in supporting genealogy and family history.

Without your assistance, we wouldn't be able to create educational opportunities in a variety of formats to fit your needs. So today, we are asking for your support. By making a donation and becoming an active partner in our mission, you will make the difference and ensure that we continue the services you want and need.

Thank you in advance for your generosity!

Sincerely,

David Burde
