People Power 2004

Dear Member,

As a genealogist, you are well aware of the value of sharing and assisting others. Your society is now in its 40th year of operation, run solely by volunteer power. To continue operating at peak performance, we need your help. If you could help us by volunteering in any of the following areas or sharing your ideas, we'd appreciate it. By helping others, we help ourselves. Please check all that apply and return this form to your society.

Library Operations

- | | |
