“Scandinavian Patronymics and More”

Presented by

Diana Crisman Smith

Researching the Scandinavian countries (Denmark, Norway, Sweden) needn't be scary. Since patronymics is the biggest issue, we'll start there. This is an introduction to show it's possible, even for those of us who don't speak their language!

Diana Crisman Smith has been researching since childhood and has been active as a researcher, speaker, writer and teacher for over 30 years. She has enjoyed speaking at conferences around the country (and at sea) and is currently enjoying “traveling” through virtual presentations.
